

► Product Features

- Miniature package for space saving
- Top or side detection
- Long travel
- Optional pilot boss for positioning
- RoHS Compliant

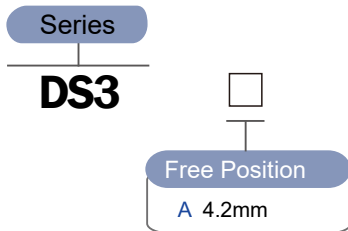

► Materials

Part Name	Housing	Cover	Actuator	Contact	Terminal
Material	Stainless Steel with tin plating	PA66	PBT	PBS	Silver plated Brass

► Specification

Operating Force	200±50 gram
Operating Temperature Range	-30°C ~ 85°C
Voltage Rating	0.5A, 120VAC
Actuation Life Cycle	100,000
Insulation Resistance	100 MΩ min @ 100VDC
Dielectric Strength	100 VAC for 1 minute
Contact Resistance	0.2Ω max.
